October 22, 2018

RE: Scope of work for American Falls Airport fencing project.

1. Remove 997 feet of existing fence line.
2. Build 1996 feet of new fence line. Fence post every 50' with T posts placed every 10' in between. 4 rail barbed wire fence.
3. One 25-foot or Two 12-foot steel gates at pond entrance of airport hung with closing brackets installed. Cost evaluation.
4. Shore and repair boarder fence as needed. Estimated 50' of fence repair. More or less will need to be reexamined before work begins.

Sincerely,

Andi Higgins  
Power County  
Building Official  
Planning Administrator  
ADA Coordinator

1980 ft. of fence @ 1.70/ft = \$3400-  
 Tearout 997 ft fence @ .35/ft = 400-  
 (2) 12 ft. steel gates installed = 500-  
 soft. repair = 100-  

---

 \$4400.00
